

## Greencorp Marine is a specialist Australian producer of marine coatings

With thousands of applications each year worldwide, Greencorp Marine coatings provide the highest level of performance for your boat, top to bottom. Our products have a reputation for being ahead in performance and are exported to more than 30 countries worldwide.

**PropOne**, a non-biocidal foul release coating system which prevents sea life adhering to propellers and underwater running gear.

**JustTeak**, a complete solution that will rejuvenate and protect your teak decking and furniture.

**Crystilium**, a coating range that renews, protects and extends the life of marine surfaces.

**Class leading technology, proven worldwide**
